UC Transfer Requirements Checklist

Deadlines, coursework, and documents to keep your transfer application complete.

How to use
Print this checklist and check items off once. Keep documents in one labeled folder.

UC transfer checklist

- ☐ Confirm target UC campuses + intended major(s) and competitive GPA range.
- ☐ Confirm major prerequisites (required + recommended) and sequencing (ASSIST + campus pages).
- ☐ Build a term-by-term plan (12–18 months) that protects sequences (calc/labs).
- ☐ Track units that count toward transfer and any residency/unit caps by campus.
- ☐ Mark application windows + supplemental deadlines (and TAG steps if applicable).
- ☐ Request transcripts early; keep receipts and buffer 3–4 weeks.
- ☐ Prepare GE pattern proof (IGETC/ADT) if applicable; confirm campus/major exceptions.
- ☐ Save syllabi/course descriptions for any non-CCC coursework that may need evaluation.
- ☐ Draft a concise transfer rationale (goal → proof → limitation → fit → readiness).
- ☐ Verify everything against official campus/major pages before submission.
